

Magnesium Nitrate Greenhouse Grade Granular

-Ex China-

PRODUCT SPECIFICATION

CHEMICAL COMPOSITION

Formula :	Mg(NO ₃) ₂ .6H ₂ O
	Guaranteed
Mg(NO ₃) ₂ .6H ₂ O	98.0%
Nitrate Nitrogen (N)	10.7%
Magnesium Oxide (MgO)	15.0%
Water insoluble	0.05%
pH	4.0
Iron (Fe)	0.001%
Heavy metals	0.002%

PHYSICAL CHARACTERISTICS: Fully soluble in water

PHYSICAL ASPECT: Colourless crystals

Storage : This product should be stored in a place not exposed to the sun and far away from heat sources or open flames. The bags must be placed at least 1 meter from the walls, roof or beams. The place should have good ventilation.

End use : Fertilizer to be used with irrigation water.
